For: ORGANIC ELECTRO LUMINESCENT DISPLAY AND METHOD FOR  
FABRICATING THE SAME

**INFORMATION DISCLOSURE STATEMENT**

**Mail Stop Patent Application**

Commissioner for Patents

P.O.Box 1450

Alexandria, VA 22313-1450

Sir:

In accordance with 37 C.F.R. §1.56, and §§1.97 and 1.98 as amended, Applicant cites, describes and provides copies of the following art references:

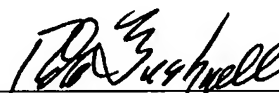

1. U.S. Patent No. 6,489,590 to Livshits *et al.*, entitled LASER REMOVAL OF FOREIGN MATERIALS FROM SURFACES, issued on 3 December 2002.
2. Korean laid-open patent Application Publication No. 2000-0036020 to Genut, *et al.*, entitled LASER OF FOREIGN MATERIALS FROM SURFACES, published on 26 June 2000.

Korean laid-open patent Application No. 2000-0036020 discloses a method for removing the foreign substance using the laser. U.S. Patent No. 6,849,590 is a corresponding patent application of Korean laid-open patent Application No. 2000-0036020.

The citation of the foregoing references is not intended to constitute an assertion that other or more relevant art does not exist. Accordingly, the Examiner is requested to make a wide-ranging and thorough search of the relevant art.

No fee is incurred by this Statement.

Respectfully submitted,

Robert E. Bushnell
